Awka, Anambra, Nigeria

2019

WORK EXPERIENCE

Flowers Baking Co.

Inventory & Dispatch Coordinator

Villa Rica, GA

March 2024–Present

- Coordinated daily inventory control and dispatch using Pedata's warehouse automation system (Pick-to-Light/Distrib WMS), improving logistics accuracy and reducing order errors.
- Partnered with warehouse and logistics teams to streamline workflows and optimize dispatch timelines.
- Ensured data integrity through system validation, troubleshooting, and real-time inventory adjustments.

ZozzahTech

Web Developer & BI Analyst

Uyo, Akwa Ibom, Nigeria

January 2022–October 2023

- Designed Power BI dashboards to enhance client reporting and data decision-making.
- Managed Agile project workflows using Jira, achieving an 89% on-time delivery rate.
- Created testing frameworks and dummy data sets to ensure visual accuracy.
- Collaborated with business stakeholders to define KPIs and dashboard requirements.

Family Health International

Data Analyst & Technical Support Specialist

Uyo, Akwa Ibom, Nigeria

September 2021–August 2022

- Developed interactive dashboards to monitor patient health metrics, increasing operational efficiency by 30%.
- Utilized Power BI and SQL to analyze clinical data and present insights into medical leadership.
- Trained staff in systems usage, reducing support tickets and technical issues by 15%.
- Ensured smooth reporting workflows and provided on-demand analytics support to stakeholders.

Freelance Web Development Consultant

Founder & Web Developer

Remote/Nigeria

January 2018–December 2023

- Built over 30 responsive websites using WordPress, HTML5, CSS, and drag-and-drop tools like Elementor and Wix.
- Deployed CMS platforms and implemented minor PHP/Python backend scripts as needed.
- Managed a full project lifecycle from requirements gathering to deployment and client training.
- Delivered customized web solutions for businesses, landing pages, portfolios, and small e-commerce platforms.

CERTIFICATIONS
